

Why choose a Cleverboard TouchLite?

Sahara Cleverboard TouchLite is an entry level dual touch interactive whiteboard with optical technology. The latest touchscreen technology is integrated into the screen enabling it to be dual touch, including gesture control and allowing multiple users. Available in two sizes – 78" 16:10 and 87" 16:10, the Cleverboard TouchLite is cost effective whilst still providing a host of great features. Designed for classrooms, the Cleverboard TouchLite includes our innovative education software CleverLynx with Wordwall.

Optical Dual Touch Technology

Optical technologies mean that the Cleverboard TouchLite can sense both fingers and pens. A magnetic marker pen is included with the board. With Windows 7 and above the Cleverboard TouchLite has a dual touch capability so two users can work together.

Plug and Play

The Cleverboard TouchLite requires no drivers. Simply calibrate and you are ready to go*.

CleverLynx with Wordwall Educational Software

Sahara CleverLynx features curriculum specific information and a wide range of interactive activities. CleverLynx now includes Wordwall which hosts over 25,000 pre-created lesson plans. The CleverLynx DVD is included with every board.

Comprehensive Warranty

The Cleverboard TouchLite comes with a five year warranty on the board surface**. The removable corners and three year warranty on the components means the board does not have to be removed to make repairs.

Connectivity

The Cleverboard TouchLite comes with a 5MB USB data cable and has both USB A and USB B outlets.

Cost Effective

The semi matt enamel steel board is cost effective whilst still having all the features needed for most classrooms. With a wall mount included and built-in hooks to hang optional speakers the Cleverboard TouchLite is perfect for schools with a smaller budget.
